The Board met and approved the following proposal. There was a general membership meeting during the Turkey Shoot and the purchase of another trap was approved. So if you were not there to vote you do not have a dog in the fight. The shotgun range needs another trap. Period. The trap we have on the trap range is getting old and cranky and has a tendency to break down. This is aggravating during Shotgun Sunday but it is unacceptable for competition during the April Sorree. This will allow for a second lane on the trap range and more importantly we will have a backup if the old trap decides to go union and strike. Also the point was made that the trap should pay for itself within two years. Ken has located one for around \$1,000.95 (just kidding about the 95 cents). RRR has a little over \$3,000 in the bank so funds are available. This is something that has been considered for several years now. Operators are on duty and if you call in the next fifteen minutes RRR will also receive a wobble for the trap. Ken and Louie will buy and donate the wobble. This will add a new dimension to the competition for the Sorree called the dove shoot. The dove shoot was highly popular this year at Friendship. Not being a shotgun shooter I'm not sure what the wobble device does. The mental picture of this is "the drunk pigeon leaving a bar looking for his car keys match". The wobble works like this: the trap already goes from side to side. The wobble adds an up and down to the side by side so the shooter does not know if the bird will come out high or low or left or right. High? Low? Left? Right? Sounds to me more like a new dance step called the Congressional Tap Dance and Tango hosted by the White House.

This year the Annual RRR Christmas party will be graciously hosted by Roger and Pat Fowler. It will be the second Saturday which is December 14. There will be the traditional Chinese gift exchange and door prizes. That means the December Hangover Shoot will be Sunday December 15. Details will be in next month's newsletter. As Tom Bodett says, "We'll leave the lights on for you."

Several RRR members met a fellow shooter at Brady this year and he showed an interest in our club. His name is John Klaerner from Fredericksburg and will probably come up in April for the Shotgun Sorree. New faces are always welcome.

Turkey Shoot Scores

First off, thanks to everyone who had a part in making this happen; big or small. I will pass on naming names because I will miss someone so this will be a group hug. Thanks to everyone who came out to the work party to make the range presentable. Also a really really big thanks to the ladies who worked the range

house; from registering competitors, to scoring targets, to keeping track of the money, to keeping individual scores, to having the prizes and ribbons ready for presentation. Thank you. Thank you. Thank you. Also thanks to the range officer who kept everyone in line and safe. We had 26 competitors this year and it was wonderful to meet and greet old friend and faces. We experienced a rare occurrence Saturday. About 9:00 in the morning we had a downpour that threatened to flood the firing line. As if that was not enough we had another around 5:00. That did not dampen the enthusiasm for shooting or the spirits of the competitors. OK, bad pun. With the summer we just had, any rain is welcome.

The Saturday evening Chili Cook Off went well and between the chili, the pot luck, and the desert everyone was full and satisfied. There were four official gourmet chili chefs: Jack Shepard, Carol Shepard, Don Walker, and Barry Thompson. And the winners were (drum roll) Carol Shepard in first, Barry Thompson in second, and Jack Shepard in third. It does not matter what the taste testers picked out, *all* the chili was good. I went back and tried them all. As Joe Tom White says, "Eat until you hurt yourself."

UPDATE ON THE MATCH RULES

Sometimes a rule gets forgotten, overlooked, or ignored when competing in the matches. Here is a reminder. You must use the same gun for all matches in a particular aggregate. We all need to be on the same railroad track. Have fun, be safe, and be honest.

It has been requested by the ladies in the range house that a five point penalty be imposed on targets that has staples in them. Not only is this a common courtesy but a staple can cause a nasty cut. Many clubs will disqualify a target entirely turned in with a staple in it. So please be kind to the folks in the range house who give up shooting time to score targets and keep score.

WHAT WAS THIS UNUSUAL SIGHTING?!

The other day I was driving on US 287 and I was passed by a Texas game warden. The vehicle was a big black 4WD pickup with the state logo on the side and blacked out windows. This pickup had a headache rack behind the cab and on the rack was an unusual swivel device mounted in such a manner that a person could stand in the bed and operate *something* facing forward. As we traveled side by side for a long time I tried to figure out what this was. I suppose a search beacon could be mounted on it. Or a deep sea fishing rig? Or maybe a miniature 5th wheel? *Hummm?*

DAYLIGHT SAVINGS TIME CHANGES

Daylight savings time changes Sunday November 3 so if you show up at the usual time you will be early and be the one to start the fire in the barrel stove. The old Native American said, “The white man thinks if you cut one end off of a blanket and sew it onto the other end it will make a longer blanket. He told us he will feed us. He told us he will cloth us. He told us he will give us a place to live. He told us he will care for our sick. He told us to give him our guns and he will protect us. He told us to trust him.”

LOCAL CLUB SHOOT DATES

Red River Renegades shoots rifle/pistol the last Sunday and shotgun the second Sunday. Contact a club officer for directions.

Beaver Creek Freetrappers, Sterling OK Shoots third Saturday. Contact Iron Jaw at 405-933-3181.

Auroa Blackpowder Club, Aurora, TX. Shoots the third Sunday of the month. Contact Beaver at 817-822-3481 or 682-730-1921

Ha Ha! Fooled you. He really said, “Oh Shoot!!!”
