

RENEGADE BULLETIN

August, 2013

We as a club are struggling. For many years there have been those who have served admirably as a club officer year after year. And there have been those who show up to shoot and leave. We all need to extend our appreciation for those who have given their time and talent to make the club a success. These folks need a break. This year we did not get anyone to raise their hand and be Vice President. We are limping along. Patty agreed to make notifications for the three big shoots. Angie agreed to print the newsletter. Jeff agreed to do the newsletter. We need a Vice President. David Anderson has tirelessly been our webmaster even though he is no longer a member. He has asked that someone take it over.

DOUBLE DOG DARE ABC-RRR MATCH RESULTS

The results of the match are in. Each club shot five offhand shots at 25 yards at the Indian target. ABC had 21 shooters and RRR had eight so the totals were averaged. The top target for RRR was Dudley Kirkpatrick with a 44X and the top ABC was Bob Jackson with a 49X. The end result was a tie at 38XXXX. Hopefully we will do it next year if the interest is still there when ABC will pick the target and the rules.

OTHER TIDBITS

We had a guest from Moore, Oklahoma, Jeff Little, this month. He has been bitten by the black powder bug and has been collecting, building, and trading off the new fangled modern center fire cartridge guns for the past couple of months. It would be good if Moore was closer so he could come down every month.

There was a meeting of the officers to discuss the electric bill which has now exceeded \$100 a month. That is out of line for a couple of hours each month and the three big shoots. We are looking into other companies or maybe a generator.

JULY 14 SHOTGUN TRAP SCORES

We were initially concerned because *WHERE WAS THE SUN?* OK, not to complain it sure was nice going to the range with the windows down in the truck. On that day it would have been nice to have a convertible with the top down.:

Dean Moller 13	Wayne Lollis 6	Charlie Greenway 2	Patty Lawrence 2	Linda Lollis 0
-------------------	-------------------	-----------------------	---------------------	-------------------

Of the comments of the day Dean was said, "I only paid \$125 for the shotgun. I think I will keep it. Linda said, "It's a shame to pay all this money and not get anything for your money." Yes, it is like what you in return for paying your taxes. Go figure! Next shotgun match is August 11.

HINTS FROM THE WORKSHOP * AKA THE HUSBAND'S LOAFING SHED

Creating that perfect powder horn can really add to one's vocabulary. It would just make just pirate blush. Making a screw tip is easier than trying to drill into a horn and not pop out the side. A ½ X 13 tap and die is a good choice. Use a piece of wire coat hanger to measure the inside of the horn. Saw off the tip about ½ inch shorter than the cavity. Drill into the horn and cut the female threads. File down the tip and cut the male threads. Drill the tip for the spout peg. How many times have you worked the tip down only to have the @#!*#@! thing split out when you put in the peg? Use a 1/4" flair nut from the plumbing section. File and fit until you can screw the on flair nut and let it cut threads as it goes. Add Epoxy for additional holding. To put in the plug you need to soften the horn by boiling. You might get by using the kitchen stove but don't use a kitchen pot unless you have a death wish (if you know what I mean). Shape the plug and insert while the horn is hot. Let cool and remove the hose clamp. Finish the horn to suit yourself.

THE VILLAGE IDIOT HAS ESCAPED AGAIN!

A five-year-old Calvert Maryland boy was interrogated for two hours until he wet himself and suspended for 10 days after school officials caught with playing with a “cowboy-style cap gun,” the Washington Post reports. The mother, a high school teacher, was called by the principal at 10:50 a.m. and was told that her son had the cap gun and pretended to shoot someone on the bus. She said that both the kindergartner and his first-grade sister, sitting nearby on the bus, disputed that account. *The mother said the principal told her that if the cap gun had been loaded with caps, it would have been deemed an explosive and police would have been called in.*
